| <b>Emergency Telephone Number</b><br>During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660.<br>After normal business hours, call Carechem 24 at (866) 928-0789.          |   |  |  |  |  |

# 2. Hazard(s) identification

## Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Skin Corrosion/Irritation Serious Eye Damage/Eye Irritation Specific target organ toxicity (single exposure) Target Organs - Respiratory system. Category 2 Category 2 Category 3

#### Label Elements

Signal Word Warning

# **Hazard Statements**

Causes skin irritation Causes serious eye irritation May cause respiratory irritation

# Precautionary Statements

Prevention

Wash face, hands and any exposed skin thoroughly after handling

Wear protective gloves/protective clothing/eye protection/face protection

Avoid breathing dust/fume/gas/mist/vapors/spray

Use only outdoors or in a well-ventilated area

#### Inhalation

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Call a POISON CENTER or doctor/physician if you feel unwell

#### Skin

IF ON SKIN: Wash with plenty of soap and water

If skin irritation occurs: Get medical advice/attention

Take off contaminated clothing and wash before reuse

#### Eyes

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention

## Storage

Store in a well-ventilated place. Keep container tightly closed

Store locked up

## Disposal

Dispose of contents/container to an approved waste disposal plant

Hazards not otherwise classified (HNOC)

None identified

# 3. Composition/Information on Ingredients

| eight % |

#### 4. First-aid measures

| General Advice                | If symptoms persist, call a physician.  |
|-------------------------------|---|
| Eye Contact                   | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention.   |
| Skin Contact                  | Wash off immediately with plenty of water for at least 15 minutes. If skin irritation persists, call a physician. |
| Inhalation                    | Remove to fresh air. If not breathing, give artificial respiration. Get medical attention if symptoms occur.      |
| Ingestion                     | Clean mouth with water and drink afterwards plenty of water. Get medical attention if symptoms occur.             |
| Most important symptoms and   | None reasonably foreseeable.  |
| effects<br>Notes to Physician | Treat symptomatically   |

# 5. Fire-fighting measures

| Unsuitable Extinguishing Media                                      | No information available                             |
|---|--|
| Flash Point<br>Method -   | No information available<br>No information available |
| Autoignition Temperature<br>Explosion Limits                        | No information available                             |
| Upper   | No data available                                    |
| Lower   | No data available                                    |
| Sensitivity to Mechanical Impact<br>Sensitivity to Static Discharge | No information available No information available    |

**Specific Hazards Arising from the Chemical** Keep product and empty container away from heat and sources of ignition.

**Hazardous Combustion Products** 

None known.

### **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Bioaccumulation/ Accumulation No information available.

Mobility No information available.

 Use Disposal Methods
 Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification.
