Free Form Requirements

Note: Prerequisites for the following courses are required. They should be filled for students in a coupled major.

Requirement 1 – Complete 3 Courses

MMBIO151 Microbiology - Microbiology 4.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

Requirement 2 – Complete 2 of 7 Courses

Upper Level Courses:

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

MMBIO363 Microbial Ecology - Microbial Ecology 2.0

MMBIO364 Bacterial Pathogenesis - Bacterial Pathogenesis 3.0

MMBIO418 Medical Parasitology - Medical Parasitology 2.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO463 Immunology - Immunology 3.0

MMBIO465 Virology - Virology 3.0

Requirement 3 – Complete 1 of 5 Courses

Upper Level Lab Course: (NOTE: Taking MMBIO 360 for Requirement 2 also fulfills Requirement 3. See advisement center.)

MMBIO365 Bacterial Pathogenesis Lab - Bacterial Pathogenesis Lab 1.0

MMBIO366 Microbial Ecology Lab - Microbial Ecology Lab 1.0

MMBIO 420 - Molecular Parasitology Lab - *This course is no longer available for registration and will count only if you completed it while it was offered. Please see your college advisement center for possible substitutions.*
2.0

MMBIO466 Virology Laboratory - Virology Laboratory 1.0

MMBIO467 Immunology Lab - Immunology Lab 1.0
